

AIR SODA BLASTER TOPOLINO 18

- The professional solution for air blasting or precision sand blasting work

SODA BLASTING
WET BLASTING

- Complete and space saving for all interior and exterior surfaces
- Straightforward processing makes it operational for all kinds of soda/wet blasting jobs or precision sand blasting works
- Ideal for cleaning small surfaces (wrought iron railings, metal surfaces, wood and stone engraving jobs...) as well as delicate works (statue, glass decoration, graffiti removal...)
- Adjustable pressure from 0,5 to 7 bars

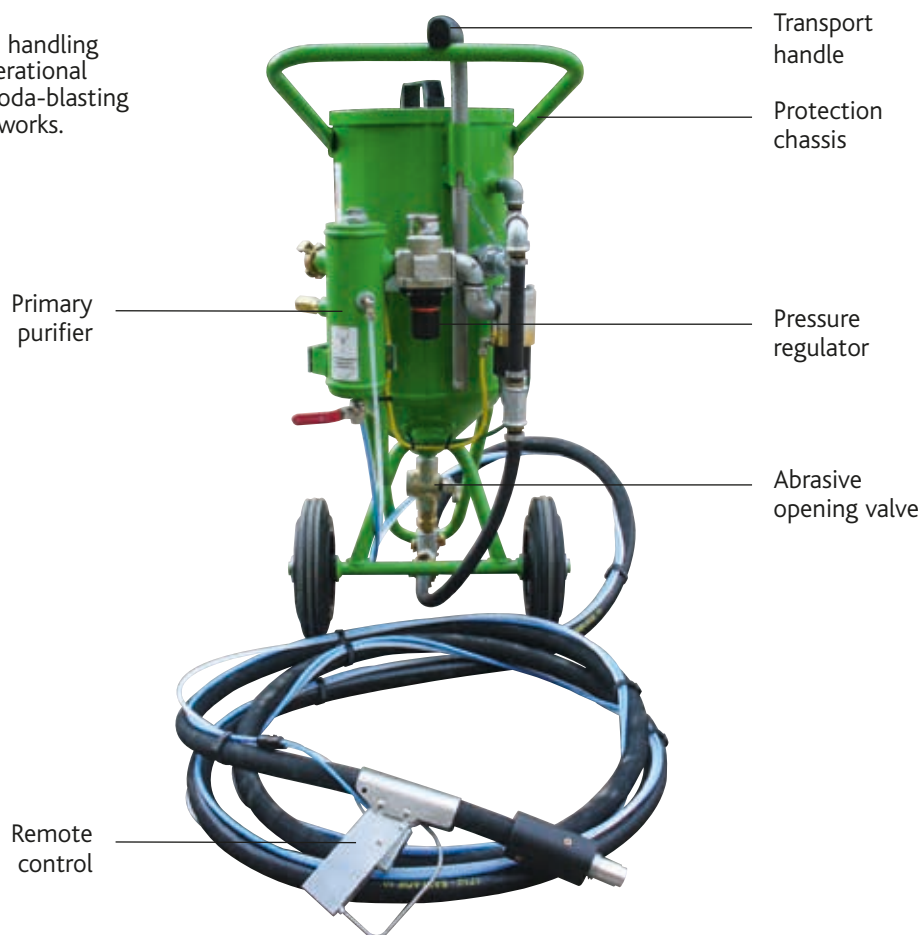

TOPOLINO 18

Length	500 mm
Width	430 mm
Height	820 mm
Weight	29 kg
Abrasive capacity	18 liters
Air consumption	500 to 1000 l/mn
Length of sandblasting hose	5 metres
Delivered with nozzle	Ø 3 or 4 mm

DESCRIPTION

Its size and easy handling make it very operational for all kinds of soda-blasting or wet-blasting works.

OPTION: ACCESSORY FOR WET BLASTING

The Turb'eau nozzle

Directly connected to the water supply network, the spray of water given by the Turb'eau nozzle removes dust which could be generated by the blasting operation.

LOTS OF APPLICATIONS

Ideal for cleaning all kinds of small surfaces (wrought-iron balustrades, metallic surfaces, wooden surfaces, stone engraving ...) and for fine works (statue, removal of wax on furniture, decoration on glass, graffiti removal ...).

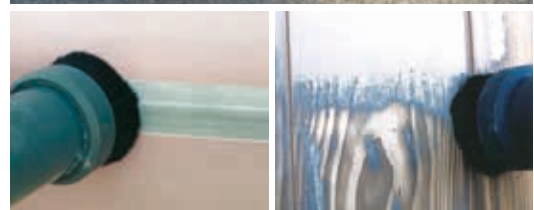

OPTION: ACCESSORY FOR «DUST FREE» SANDBLASTING

The SP 18 - Electrical aspiration kit

Directly connected to the blasting nozzle via a brush-holder applied to the surface to be cleaned, the SP 18 allows the recovery of the blasting media.

The SP 18 includes 1 220V single-phase electric vacuum cleaner, 1 cyclonical recovery tank of capacity 18 litres, 5 metres of recovery hose and 1 ergonomic brush-holder.

COMPLETE SETS

TOPOLINO 18 + air compressor + moisture separator + hoses
